I am quick to accept new friends, but quick to judge and will easily punish transgressions. My true friends know they can rely on my no matter what. You will not struggle to know which category you fall into.

PERSONALITY TRAITS

I am driven to restore the life to my home city of Ironforge. A rift formed near my town while I was delivering ore, and an undead army was unleashed on my town, killing all my kin. I heard rumors of a magic relic that can banish the rift and allow me to restore Ironforge to its former glory. Once restored, I will buy my own ship, find a crew, and sail the ocean under my own terms.

IDEALS

I am especially eager to commune with animals. I often find humanoids fickle and boring, though will always be polite. I mistrust those that seek to employ me, due to a series of trade deals that went south when the other side failed to uphold their end.

BONDS

I am impatient with those that are slow to understand. I am also quick to judge the strong dullard as not worthy of my acquaintance. Despite my calculating nature, I cannot resist a tempting gamble, even if the odds are not in my favor.

Darkvision. **Dwarven Resilience.** ** You have advantage on saving throws against poison, and you have resistance against poison damage. **Stoneeunning.** ** Whenever you make an Intelligence (History) check related to the origin of stonework, you are considered proficient in the History skill and add double your proficiency bonus to the check, instead of your normal proficiency bonus. **Dwarven Toughness.** ** Your hit point maximum increases by 1, and it increases by 1 every time you gain a level. **Ship's Passage.** ** When you need to, you can secure free passage on a sailing ship for yourself and your adventuring companions. You might sail on the ship you served on, or another ship you have good relations with (perhaps one captained by former crewmate). Because you're calling in a favor, you can't be certain of a schedule or route that will meet your every need. Your Dungeon Master will determine how long it takes to get where you need to go. In return for your free passage, you and your companions are expected to assist the crew during the voyage.

FEATURES & TRAITS

Spells and Incantations

Gunnloda Wavesplitter

Charm Person

Enchantment Level 1

Casting Time: 1 action

Range: 60 ft

Components: V, S

Duration: 1 hour

You attempt to charm a humanoid you can see within range. It must make a Wisdom saving throw, and does so with advantage if you or your companions are fighting it. If it fails the saving throw, it is charmed by you until the spell ends or until you or your companions do anything harmful to it. The charmed creature regards you as a friendly acquaintance. When the spell ends, the creature knows it was charmed by you. At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, you can target one additional creature for each slot level above 1st. The creatures must be within 30 feet of each other when you target them.

Druidcraft

Transmutation Cantrip

Casting Time: 1 action

Range: 30 ft

Components: V, S

Duration: instantaneous

You create one of the following effects within range:

- You create a harmless sensory effect that predicts what the weather will be for the next 24 hours. This effect persists for 1 round.
- You make a flower blossom, a seed pod open, or a leaf bud bloom.
- You create a harmless nature-related sensory effect. The effect must fit in a 5-foot cube.
- You light or put out a small flame.

Faerie Fire

Evocation Level 1 (concentration)

Casting Time: 1 action

Range: 60 ft (20 ft)

Components: V

Duration: 1 minute

Each object in a 20-foot cube within range is outlined in blue, green, or violet light (your choice). Any creature in the area when the spell is cast is also outlined in light if it fails a Dexterity saving throw. For the duration, objects and affected creatures shed dim light in a 10-foot radius.

Any attack roll against an affected creature or object has advantage if the attacker can see it, and the affected creature or object can't benefit from being invisible.

Flaming Sphere

Conjuration Level 2

Casting Time: 1 action

Range: 60 feet

Components: V, S, M (a bit of tallow, a pinch of brimstone, and a dusting of powdered iron)

Duration: Concentration, up to 1 minute

A 5-foot-diameter sphere of fire appears in an unoccupied space of your choice within range and lasts for the duration. Any creature that ends its turn within 5 feet of the sphere must make a Dexterity saving throw. The creature takes 2d6 fire damage on a failed save, or half as much damage on a successful one.

As a bonus action, you can move the sphere up to 30 feet. If you ram the sphere into a creature, that creature must make the saving throw against the sphere's damage, and the sphere stops moving this turn.

When you move the sphere, you can direct it over barriers up to 5 feet tall and jump it across pits up to 10 feet wide. The sphere ignites flammable objects not being worn or carried, and it sheds bright light in a 20-foot radius and dim light for an additional 20 feet.

At Higher Levels When you cast this spell using a spell slot of 3rd level or higher, the damage increases by 1d6 for each slot level above 2nd.

Locate Animals or Plants

Divination Level 2 (ritual)

Casting Time: 1 Action

Range: self

Components: V, S, M (a bit of fur from a bloodhound)

Duration: instantaneous

Describe or name a specific kind of beast or plant. Concentrating on the voice of nature in your surroundings, you learn the direction and distance to the closest creature or plant of that kind within 5 miles, if any are present.

Poison Spray

Conjuration Cantrip

Casting Time: 1 action

Range: 60 ft

Components: V, S

Duration: Instantaneous

You extend your hand toward a creature you can see within range and project a puff of noxious gas from your palm. The creature must succeed on a Constitution saving

throw or take 1d12 poison damage. This spells damage increases by 1d12 when you reach 5th level (2d12), 11th level (3d12), and 17th level (4d12).

Shillelagh

Transmutation Cantrip

Casting Time: 1 bonus action

Range: Touch

Components: V, S, M (mistletoe, a shamrock leaf, and a club or quarterstaff)

Duration: 1 minute

The wood of a club or quarterstaff you are holding is imbued with nature's power. For the duration, you can use your spellcasting ability instead of Strength for the attack and damage rolls of melee attacks using that weapon, and the weapon's damage die becomes a d8. The weapon also becomes magical, if it isn't already. The spell ends if you cast it again or if you let go of the weapon.

Thunderwave

Evocation Level 1

Casting Time: 1 action

Range: 60 ft

Components: V, S

Duration: Instantaneous

A wave of thunderous force sweeps out from you. Each creature in a 15-foot cube originating from you must make a Constitution saving throw. On a failed save, a creature takes 2d8 thunder damage and is pushed 10 feet away from you. On a successful save, the creature takes half as much damage and isn't pushed. In addition, unsecured objects that are completely within the area of effect are automatically pushed 10 feet away from you by the spell's effect, and the spell emits a thunderous boom audible out to 300 feet. At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, the damage increases by 1d8 for each slot level above 1st.
